

Hand Baggage Guideline

Dimension

- Each hand baggage must not weigh more than 5 kg.
- the second hand baggage must be tagged with exemption tag. (Only for First and Business Class Passenger)

Before you head to departure gate

- Do not carry bulky hand baggage into cabin.
- Ensure duty-free purchases are within the hand baggage allowances.
- Use a baggage test kit at the entrance point to check-in area to ensure that your hand baggage is within the measurement.
- All valuable items to be removed from check-in baggage.
- Above rule applies to all including self services check-in passenger.

What is it?

Hand baggage or unchecked baggage is baggage or personal belongings that is not checked-in and can be hand-carried into the aircraft without any charge, suitable for placing in the overhead compartment or under the passenger seat.

EFFECTIVE: 01ST OCT 2010

Policy and Regulation

The hand baggage policy ‘one passenger, one baggage’ is aimed at ensuring the safety and comfort of passengers during flight as excess hand baggage is a safety /hazard and an inconvenience to passengers especially during an emergency.

For your safety

- To provide enough storage space for others passenger.
- Easier accessible to and from seats.
- It improves passenger boarding and disembarkation to facilitate on-time departure and arrivals.
- Cabin crew service along the aisle is smoother.
- Transfers between flights are faster.
- Emergency evacuation becomes easier.

PERMITTED CARRY-ON BAGGAGE:

- A handbag, pocket book or purse.
- An overcoat wrap or blanket.
- A reasonable amount of reading material
- An infant carrycot.
- Electronic equipment such as cell phones, portable music players, laptops, a small camera and/or a pair of binocular.
- Nail clipper, non-metallic nail files.
- Disposable razors, razor blade cartridges.
- Syringes or needles for personal medical use with needle guard in place, when accompanied by the medication in its original labeled container.
- Crutches/walking canes and/or braces, prosthetic devices, which the passenger is dependent on.

Fully collapsible baby stroller (on wide-body aircraft only)

NOT PERMITTED BEYOND THE SCREENING CHECKPOINTS:

- All knives, cutting and puncturing instruments including box cutters, ice picks, straight razors, metal scissors, metal nail files, corkscrews.
- Any sharp and/or pointed objects.
